Choice New Gladiolus

Introducing **GOLDEN CROWN**

(SNOW PRINCESS ORANGE SEEDLING)

Color is a very clean deep yellow, really a new and different shade of yellow, without blotch or markings. Florets 5 in. and over, 5 to 6 open, 20 buds on a strong straight spike 55 in. high. It blooms in mid-season.

Golden Crown produces a high percentage of good spikes. Being a seedling of Snow Princess it has the good qualities of that variety which makes it an excellent commercial prospect. Bulb production and germination good. This variety will do its share of winning on the show table but its greatest value will be as a cut flower as it has the color and good performance together with health of bulb and plant, the qualities necessary to make a good commercial. Golden Crown bloomed the first time in 1946 and we labeled it outstanding at that time. Since then it has equalled or surpassed its original performance.

Champion Seeding Basket Beloit Glad Show 49.

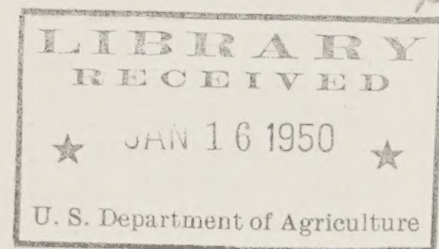

Price each bulb any size \$5.00.

One bulb and 10 selected bulblets \$10.00.

Growers Unit: 4 large, 6 medium, 8 small, and 100 bulblets \$60.00.
